OVIA
LIGHTING BY CLICK

Welcome to OVIA Lighting...

...a comprehensive range of indoor & outdoor lighting.

Lighting affects our environment and how we feel about it.

What you light and how you light it can impact on every facet of life and affect mood and atmosphere.

Lighting is a very subjective issue and this is why it is so important to provide a wide selection of light fittings and light sources to satisfy individual tastes in illuminating the environment which we occupy.

The OVIA lighting collection featured in the following pages has been put together with these objectives in mind, i.e. to offer as wide a selection as possible of surface and flush light fittings utilising the latest light sources providing optimum performance and energy saving technology.

No matter how good the product and how attractive a design, it is of little practical value to designers and installers unless stocks are readily available.

We have invested heavily in our central distribution facility at the hub of the UK motorway network.

Our 100,000 ft² premises in Tamworth provide in depth stocking of all product lines and on-line ordering is supported by automated order picking

and processing procedures which we believe offer unprecedented service levels within our industry.

Our own distribution activities are supported by a chain of Approved Electrical Wholesale Stockists throughout the UK and Ireland and many countries overseas.

We have a dedicated and professional team of regional sales and business development personnel operating in each of these areas and they can be called upon at any time to assist our customers with any queries they may have. In summary, we take lighting very seriously. All of the products in this catalogue are covered by a minimum of 12 months warranty against any fault in material or manufacture. In addition, we are constantly striving to improve standards in all aspects of our business ranging from product design and production through to the marketing of our products and the ultimate delivery of the required goods to our customers at the right time.

A wide range of indoor and outdoor lighting solutions are featured in the following pages. Our technical and sales staff are available to assist with any lighting queries.

High stocks of all standard products are available to service next day delivery to our extensive range of Stockists.

Are you an CLICK stockist? If so, you automatically have access to the Marketing Hub. Download all our latest literature, flyers to personalise and our full range of images for use on your website or artwork. Follow the links from www.scolmore.com for more information.

So, why not Click and find out how we can help you?

Online Ordering

The updated site now incorporates a number of improved features that allow users to access new information directly and easily:

- Ordering 24 hours a day 7 days a week with the ability to check current stock levels as required, meaning you are not restricted to ordering during normal office hours
- Access to on-line catalogues will keep you fully updated with the complete product range and provide information on new products as and when they become available
- The order tracking service keeps you up to date with the progress of your shipment
- Managing your administration paper work is now even easier with instant access to reports and essential documents at a click of a button
- A 'quick buy tab' and the ability to store the most common orders for repeated use, adds to the versatility and flexibility of the revised system

To Register: E-mail us at sales@scolmore.com or call our Sales Office on 01827 63454 and one of our Sales Representatives will be more than happy to get you on-line.

iPhone app

The new app from Click Scolmore allows you to use your iPhone to browse our complete range of products, add products to your Favourites or to the Quote Basket. The app then allows you to email the contents of the basket back to yourself providing all the information you need to obtain any quotations.

With over 6000 products currently available you can use the search facility to easily locate the products required and if you require further information there's an option to email us or find us on the map straight from the app.

An added bonus is the app being 100% native means you don't have to be connected to the internet to use it.

Need to set up an account? Call: 01827 63454 or Email: sales@scolmore.com
